*Colton, Calif. — (August 15, 2013) —*City of Colton Staff Participate in Paul J Rogers Elementary Back to School Celebration. The celebration has become a tradition to engage the community to help children start the school year understanding what resources are available to help them succeed.

The City of Colton Electric Utility and Water Division understand the importance of teaching conservation habits and behavior at a young age. Families received information on energy

Colton Electric Utility was established in 1887 and continues to be committed to provide safe and reliable electricity at the lowest affordable rates to our existing customers. Today the Colton Electric Utility provides services to over 16,000 residential customers. More information available at www.ci.colton.ca.us/ or by calling 909-370-5104.

efficiency programs and water conservation tips. Children received a Saving Energy & Water coloring and activity book.

“We want Colton students to be our future conservation stewards and we are making a conscious effort to do more outreach into the community” said Dr. David Kolk, Colton Electric Utility Director.

The City of Colton Electric Utility and Water Division will be working together to attend community events in the coming year.

For more information on the City of Colton electric or water conservation programs please visit our web site at www.ci.colton.ca.us or call Adrienne Rogers, Energy Services Specialist at (909) 514-4214, or Jennifer Shimmin, Water Conservation Specialist at (909) 370-6145.
